

ALILA VILLAS ULUWATU . BALI

*Pura Uluwatu*

## Paradise at the edge of the world

The luxurious eco-resort of Alila Villas Uluwatu boasts a dramatic setting, perched high above the white beaches of Bali's rugged south coast with uninterrupted views over the Indian Ocean.

Uluwatu, meaning the 'rock at the land's end', remains a beautifully unspoilt corner of Bali, distinguished by its natural savannah landscape, with inspiring panoramas under azure skies dissolving into evening's golden hues. Nearby stands one of Bali's most sacred landmarks, Uluwatu Temple, dedicated to the guardian spirits of the sea, where the cresting ocean waves have made the area world famous for surfing.

Designed by WOHA, one of Asia's most celebrated architectural firms, this exclusive all-pool villa resort is a stunning expression of contemporary and sustainable design, in harmony with its natural surroundings. Re-discover the joy of pure relaxation in unparalleled comfort and space, with a personal butler to take care of your every whim. Indulge all your senses – in the culinary delights of the signature fine-dining and traditional warung-style restaurants, the spectacular clifftop pool and bar, or in the sanctuary of Spa Alila.

Encounter the spirit of the Balinese people and the destination through bespoke activities that will become part of your personal Alila journey. At Alila Villas Uluwatu, just half an hour from Ngurah Rai International Airport, surrender yourself to the enchantment of Bali in the ultimate retreat, more peaceful and more beautiful than could ever be imagined.

At The Warung, savour authentic wholesome Indonesian and Balinese cuisine in a casual, convivial atmosphere. Dine at communal tables, mixing good food with good company, or at one of the private tables scattered around the spacious indoor and outdoor setting.

## Havens of private space

The resort's pool villas are all about private space, incredible comfort and views. Gorgeous interiors blend contemporary style with accents of Bali. The open-plan design, unique flat lava rock roofs and bamboo ceilings allow the gentle sea breeze to flow in freely, while from the bed to the bathtub, every view is open to the outdoors.

An indoor and outdoor rain shower and jet shower, luxurious Ploh bed linens, and separate His and Hers bathroom amenities are just some of the indulgent pleasures. But none more so than lazing in your private pool and cabana overlooking the ocean.

Blending luxury resort living with preservation of the natural environment, Alila Villas Uluwatu is the first resort in Bali to achieve Green Globe certification for building, planning and design.
